2017 CATALOGUE

ACCESS CONTROL AND ALARM | INNOVATIVE RELIABLE DYNAMIC

Contents

Panic buttons and shock sensors	3
Wireless and hardwired siren, combo, and piezo	4
Piezo and strobe + reed switches	5
Breakglass and resettable Emergency Door Release	6
Exit buttons	7 – 8
Exit buttons and cover	9
Temperature alarm, gate alarm, door status indicator and other accessories	10

Wiegand remote controls	11
Standalone remote controls	12
Remote control – Arm, Disarm, and Panic	13
4-channel transmitter and RF repeater	14

Panic buttons and shock sensors

WEB200A-1

Dual push panic button, patented design, s/s cover, key reset, EOLRs included for most alarm panels.

WEB200C-1

Dual push panic button, s/s cover, momentary/latching convertible, momentary as default, EOLRs included for most alarm panels.

WEB300

Wireless dual push panic button, s/s cover, EOLRs included, momentary compatible with RRR1000W.

RRR1000W

Receiver, 4 relay output, with display and audible confirmation.

WEB200KEY

Spare reset key for WEB200 and DWS250.

WEB555

One push panic button, plastic case with key reset.

WEB560

One push panic button, metal case with key reset.

WPB10

Slim emergency button.

Guardoff® shock sensor

WSD01

Piezoelectric transducer shock sensor, dual LED indicator.

WSD02

Mass inertial vibration sensor, dual LED indicator, reed built in.

WSD03

Wireless shock sensor, reed built in, compatible with RRR1000W.

Wireless and hardwired siren, combo, and piezo

WP70A

Wireless siren, patented design, two ways, supervision on tamper, low battery and RF comm, standalone transceiver included.

WP18

Large combo siren/strobe dual piezo.

WP70D

Wireless siren, patented design, two ways, supervision on tamper, low battery and RF comm, proprietary interface to suit most alarm panels.

WP95

Camouflaged combo siren/ strobe, indoor version.

WP70-BA

Spare battery for WP70A and WP70D.

WP94

Mini combo in red, indoor version.

SC03/co/top

Combo siren kit: UV treated plastic cover, combo siren/horn, LED strobe, reed tamper switch, 7-way terminal block and top hat piezo.

WS35/C

Combo horn/siren, 80hm, 15W.

WP06

Combo siren/strobe, new design: reflecting mirror, siren tone and loudness selectable.

WP08

Top hat piezo, low current, high output, 90mA, 105dB/m.

WP06BA

Satellite combo siren/strobe, internal battery back up.

WP08VA

Top hat piezo, with volume control.

WP10

Combo top hat piezo/chime, volume control.

Piezo and strobe

WP05

Flush mount piezo, low current high output, 90mA, 105dB/m.

WP05VA

Flush mount piezo volume control.

WP11

Flush mount combo of piezo and chime, volume control.

ML02

Blue strobe, LED, with reflecting mirror.

WSF43

WSF43BN (brown)

Stubby press to fit, white or brown. 9.5 x 19mm.

WSF46

WSF46BN (brown)

Press to fit, white or brown. 9.5 x 32mm.

WSF41

WSF41BN (brown)

Steel door reed switch, white or brown. 19 x 20mm.

WSF42

WSF42BN (brown)

Steel door reed switch, white or brown. 25 x 30mm.

WSS14

Mini surface mount reed switch, self adhesive. 33 x 13 x 7mm.

WM88

Roller shutter door reed switch, armoured cable: 630mm, robust construction and epoxy sealed, universal mounting with L bracket.

Reed switches

WSS60

WSS60BN (brown)

WSS60BK (black)

WSS60GY (grey)

WSS60BE (beige)

WSS60GN (green)

WSS60YE (yellow)

Standard surface mount reed switch, white, gap: 50mm.

WR32

Tamper switch with adjustable plunger.

Breakglass and resettable Emergency Door Release

DWS250A DWS250AGN (green) DWS250ABL (blue)

Resettable Emergency Door Release, standard GPO size, IP55, two isolated SPDT outputs. W70 x H115 x D22mm.

DWS250B DWS250BGN (green) DWS250BBL (blue)

Built-in buzzer/LED Resettable Emergency Door Release, standard GPO size, IP55, two isolated SPDT outputs. W70 x H115 x D22mm.

DWS250C

Protective cover for DWS250, cover only.

WEB200KEY

Spare reset key for both DWS250 and WEB200.

DWS200 DWS200GN (green)

Resettable Emergency Door Release, white or green.

DWS200KEY

Spare key for DWS200.

DWS100 DWS100GN (green)

Break glass Emergency Door Release, new terminal design, white or green.

DWS100GL

Spare glass for DWS100.

DWS100KEY

Spare key for DWS100.

DWS100C

Plastic cover for both DWS100 and DWS200, cover only.

WEC140

Polycarbonate weather protection cover, suitable for above Emergency Door Release. W110 x H140 x D54mm.

Exit buttons

WEL3761S

Touchless exit button, IP67, flying leads, dual LED colour, door stay open time selectable: 2 or 10sec. **W70 x H115 x D26mm.**

WES2451

Piezo exit button, aluminium case, no moving parts, dual LED colour, IP67, door stay open time selectable: 2 or 10sec, architrave plate. **W30 x H75 x D23mm.**

WEL3761P

Touchless exit button, plastic white, IP67, flying leads, dual LED colour, door stay open time selectable: 2 or 10sec. **W70 x H115 x D26mm.**

WEL2440

Heavy duty, vandal and weather resistant exit button, IP65, all metal, large mushroom head (40mm). **W70 x H115 x D30mm.**

WEL2261

Stainless steel touchless exit button, IP65, dual LED colour, sensing range and door stay open time adjustable, dual LED colour selectable. **W70 x H115 x D28mm.**

WES2440

Heavy duty, vandal and weather resistant exit button, IP65, all metal, large mushroom head (40mm), architrave plate. **W30 x H75 x D30mm.**

WES2261

Stainless steel touchless exit button, IP65, dual LED colour, sensing range and door stay open time adjustable, dual LED colour selectable, architrave plate. **W30 x H75 x D28mm.**

WEL1911

WEL1911R (LED red)
WEL1911B (LED blue)

Stainless steel exit button, illum, green, IP65, fly leads. **W70 x H115 x D32mm.**

WEL2451

Piezo exit button, aluminium case, no moving parts, dual LED colour, IP67, door stay open time selectable: 2 or 10sec. **W70 x H115 x D23mm.**

WES1911

WES1911R (LED red)
WES1911B (LED blue)

Stainless steel exit button, illum, green, IP65, fly leads. **W30 x H75 x D32mm.**

Exit buttons (continued)

WEL1910

Stainless steel exit button, IP65, fly leads, no LED. **W70 x H115 x D32mm.**

WEL2220

Exit button, large mushroom head (40mm), green, black and red also available.

W70 x H115 x D53mm.

WES1910

Stainless steel exit button, IP65, fly leads, no LED. **W30 x H75 x D32mm.**

WEL2220R

Exit button, large mushroom head (40mm), red.

W70 x H115 x D53mm.

WEL2210

Exit button, twist to reset, green, black and red also available.

W70 x H115 x D41mm.

WEL2220BK

Exit button, large mushroom head (40mm), black.

W70 x H115 x D53mm.

WEL2210R

Duress or exit button, twist to reset, red. **W70 x H115 x D41mm.**

WEL2221

Exit button, mushroom, green, illum. **W70 x H115 x D53mm.**

WEL2210BK

Duress or exit button, twist to reset, black. **W70 x H115 x D41mm.**

WEL2231

Exit button, shrouded, green, illum. **W70 x H115 x D57mm.**

WEL2250

Duress or exit button, twist to reset, red, IP65. **W70 x H115 x D18mm.**

WEL2241

Exit button, flush mount, illum. **W70 x H115 x D37mm.**

Exit buttons and cover

WES2241

Exit button, flush mount, illum, architrave plate, fly leads.
W30 x H75 x D37mm.

Examples of symbols

Available for certain buttons.

WES1611

Exit button, stainless steel, illum, green, architrave plate.
W30 x H75 x D32mm.

Special size plate

Available for certain buttons.

WES1651

Exit button, small mushroom, illum, green, architrave plate.
W30 x H75 x D28mm.

WES1651R

Exit button, small mushroom, illum, red, architrave plate.
W30 x H75 x D28mm.

WEC140

Polycarbonate weather protection cover, suitable for above exit buttons.
W110 x H140 x D54mm.

Examples of non-standard wording

Non-standard wordings are available for some buttons, including DURESS, EMERGENCY, PRESS TO ENTER and PRESS FOR ASSISTANCE. Custom wording can be made on request.

Temperature alarm, gate alarm, door status indicator and other accessories

WSE29

Temperange® dual temperature alarm kit, with internal and external sensors, 5m wire, GPO mounting plate 2-relay outputs.

DWD30

S/s cable protector, plastic ends, 300mm.

DWD60

S/s cable protector, plastic ends, 600mm.

WSE27

Gateminder® wireless gate alarm, IP67 rated transmitter, audio alarm in both transmitter and receiver, voice event announcement in receiver, 2-relay outputs.

DWM300

S/s cable protector, metal box, 300mm.

DWM450

S/s cable protector, metal box, 450mm.

DWM600

S/s cable protector, metal box, 600mm.

DWM1000

S/s cable protector, metal box, 1000mm.

MLO2BL (blue)

MLO2RD (red)

MLO2AM (amber)

MLO2GN (green)

LED strobe, 12-24VDC.

DWM290

Cable protector with spring, 290mm.

WP15B

WP15B (blue LED)

WP15R (red LED)

4-in-1 combo: siren, strobe, buzzer and LED steady, standard GPO plate, high or low volume selectable.

WVC12

Voltage converter, 24VDC to 12VDC.

Wiegand remote controls

RTW19-4

Wiegand remote, sliding drawer for prox tag, patented design, 4-channel.

RTW19-2

Wiegand remote, sliding drawer for prox tag, patented design, 2-channel.

RTW01-4

Wiegand remote, sliding cover, provision for prox tag, 4-channel.

RTW01-2

Wiegand remote, sliding cover, provision for prox tag, 2-channel.

DHI26-20

Prox tag, HID26, 20mm; suitable for RTW01 and RTW19.

DEM-20

Prox tag, EM, 20mm; suitable for RTW01 and RTW19.

DMI-20

Mifare tag, 1K, 20mm; suitable for RTW01 and RTW19.

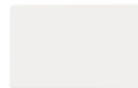

RRW01

Wiegand 26 receiver, outdoor version IP66, 4-channels with LED indication.

RRW02

Wiegand 26 receiver, indoor version 4-channel, with LED indication.

WCP-HE

ISO prox card, HID or EM format.

WTP-HE

Prox token tag, HID or EM format.

Standalone remote controls

RSR01

Standalone remote control kit, 4-relay output, kit includes 1 receiver and 2 remotes RTR01, 4 buttons, capacity 25.

RSR19-2

Standalone remote control kit, 4-relay output, kit includes 1 receiver and 2 remotes RTW19-2, 2 buttons, capacity 25.

RSR01-2

Standalone remote control kit, 4-relay output, kit includes 1 receiver and 2 remotes RTR01-2, 2 buttons, capacity 25.

RSR03

Mini standalone remote control kit, 2-relay output (NO), kit includes 1 receiver and 2 remotes RTR01-2, 2 buttons, large capacity 500, compact design, fit into gate controller cabinet; **W53 x H40 x D24mm.**

RTR01

4-button remote, sliding cover.

RRR500

Large capacity receiver only, standalone, 4-relay output, capacity 500.

RTR01-2

2-button remote, sliding cover.

RRR1000

Large capacity standalone receiver kit, large capacity 999, with display, compatible with all Activor remotes, kit includes a memory stick and green master remote which can be used to ADD or DELETE a user remotely.

RSR19-4

Standalone remote control kit, 4-relay output, kit includes 1 receiver and 2 remotes RTW19-4, 4 buttons, capacity 25.

RTR01-GN

Green remote, 4 buttons, other colour available on request.

Remote control – Arm, Disarm, and Panic

RSI02

Remote control kit, including 1 receiver and 2 remotes RTI01, keypad data bus connection, can be made compatible with most alarm panels, additional two relay outputs, plug and play.

RTI01

4-button remote, with symbol.

RSI07

Two-way remote control kit, including, 1 receiver and 2 remotes RTI07, keypad data bus connection, can be made compatible with most alarm panels, additional two relay outputs, plug and play, audio and visual confirmation on Arm and Disarm.

RTI07

Two-way remote, 5 buttons, with symbols, audio and visual confirmation on Arm and Disarm.

RSR-RT001

Panic pendant kit, standalone receiver, 4-relay output, kit includes 1 receiver and 2 pendants RTO01, 1 button, IP66.

RTO01

Panic pendant, 1 button, IP66.

RSR-RT002

Panic pendant kit, standalone receiver, 4-relay output, kit includes 1 receiver and 2 pendants RTO02, 2 buttons, IP66.

RTO02

Panic pendant, 2 buttons, IP66.

RTO-L

Neck lanyard – included with the pendant.

RTO-W

Wristband – option.

RTH

Wall mounted remote holder, fit all Activor remotes.

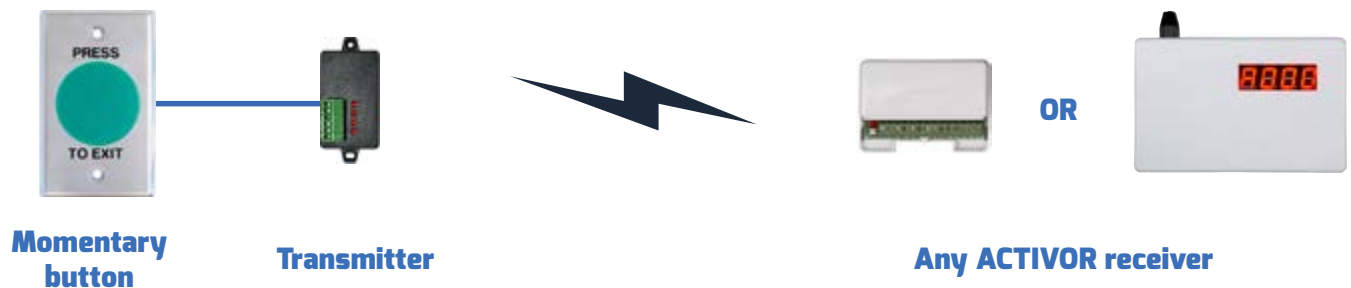

4-channel transmitter and RF repeater

RT110

Transmitter, 4-channel, 12VDC. W53 x H30 x D15mm.

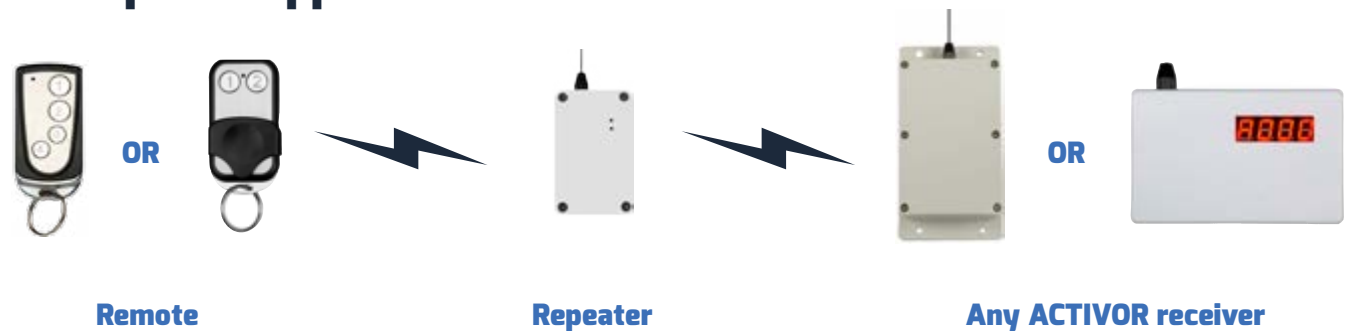

Example of Application

REP22

Repeater, compatible with all Activor remotes and receivers, back up rechargeable lithium battery included, IP65.

Example of Application

Unit 9, 12A Loyalty Rd,
North Rocks, NSW 2151, Australia
